

**PARKS & OPEN SPACES**  
**Comments from public at Neighbourhood Plan open events 2012**

Date	Verbatim of what written	Category
03032012	More allotments	Allotments
24032012	Longbrook Car park. Is neglected – a haven for drug dealing and litter. ADC won't bring in meters – not cost effective. So the community must police it themselves.	Car park/ Longbrook
03032012	I believe Church Field should be kept free of development. a) Development would increase traffic exiting on the A259, which was designed as the Felpham by pass. b) The church will surely need room to expand cemetery in due course. c) The views of the church from the A259 adds to the attraction of Felpham for residents – and this will be enhanced if church is eventually floodlit which has been discussed.	Church Field
03032012	Church Field – 4 movement and leisure. Keep it green!	Church Field
03032012	Use Church Field to create stronger links with William Blake and this 'Green and Pleasant Land'. Last actual field – once it's gone.... Arun have it outside the development zone it should remain so.	Church Field
03032012	Church Field could be lovely public space for the village to use. A compromise with some development may be required.	Church Field
03032012	Church Field should be for public use	Church Field
03032012	I am against Church Field being developed – it is outside the development area – if the people of Felpham/ or Parish Council bought it – it could be turned into more allotments – from which we could have an income – or a playground.	Church Field
05032012	Keep Church Field as Open Space – gap between village and town is important.	Church Field

Date	Verbatim of what written	Category
05032012	Church Field – if owner wants to sell let everybody in village buy a plot then have a covenant not to build on it. 10,000 plots!	Church Field
05032012	Hear hear!!! (on above comment)	Church Field
05032012	I like the idea of a Community project. Hooray!	Community project
05032012	Keep old pond at Flax Mean – do not allow it to disappear.	Conservation
03032012	We need more good cycle paths. i.e. – to Littlehampton	Cycling issues
03032012	I would like to encourage more cycling in the area – and it would be good to have good cycle paths on main roads – i.e. A259	Cycling issues
03032012	Cycle racks are needed – by sailing club, Lobster Pot and near SM Flooring	Cycling issues
03032012	Encourage cycling – around the village and improve off road links to Littlehampton and Chichester	Cycling issues
24032012	<u>Cycle Path</u> . A real need for joined up cycle routes east–west. Encourage multi use of the seafront. Push for completion of the Felpham–Barnham cycle route through the Site 6 development.	Cycling issues
24032012	More cycle lane to link 5 villages. Fantastic cycle route to Barnham from Felpham.	Cycling issues
24032012	We should not have more cycle lanes at expense of pedestrian paths and walks.	Cycling issues
24032012	More cycle lanes and better linked so that you can go from A to B wholly on a cycle lane without using the road.	Cycling issues
03032012	Could we please have a new dog bin on Beach Estate where the East Green meets the prom? Thank you.	Dog issues
03032012	More dog bins	Dog issues
03032012	Dog fouling seems to be increasing has anyone else found this?	Dog issues
03032012	Unfortunately I have to agree viz dog fouling	Dog issues
03032012	More dog bins. More dog wardens especially in summer. Parks and beach.	Dog issues

Date	Verbatim of what written	Category
03032012	Dog bin in the pathway from the church hall to North Way. One with a lid on please.	Dog issues
03032012	Can anything be done about dog fouling along public footpaths?	Dog issues
03032012	Dog poo – particularly bad during winter months!	Dog issues
24032012	<u>Dog bins</u> . Used for litter where there is no dog bin nearby. Better than leaving it on the ground. But more litterbins or multi use bin is the answer.	Dog issues
24032012	MORE DOG BINS	Dog issues
24032012	I have found dog bins are often full. Do they need to be emptied more regularly or bigger? Especially near golf club.	Dog issues
24032012	Dog Fouling. Owners need to have greater awareness of ongoing problem as it gives responsible dog owner a bad record.	Dog issues
24032012	A litter / dog poo warden is <u>very</u> necessary in Felpham.	Dog issues
03032012	Overflowing litter bins during summer months – especially in parks	Litter
24032012	Too much discarded litter. More bins would help. Need one within sight of the discarded litter. Can some be for recycling?	Litter
24032012	<u>King George V field</u> . Need regular litter picks around the perimeter. Especially bad to the east of Tesco – next to the electricity substation.	Litter
24032012	A litter warden would be good idea if not too expensive for all open spaces and beaches, including 'private' estates.	Litter
24032012	Please could something be done about the amount of litter left in KGV after the football at weekends? Summerley Lane dangerous because of parking at weekends. 'Parents' parking across one of the entrance / exits – signs needed.	Litter

Date	Verbatim of what written	Category
24032012	Help – please. Old path around path that is almost adjacent to cycle path really needs more attention. eg – the path that enters Drake Park is becoming a tip for anyone who wishes to dump their excess rubbish. This is attended to <u>ONCE</u> a year when the fair is due and then it is only half done.	Litter
24032012	We need to have regular litter patrol / warden with particular attention paid to KGV, which is a dreadful mess most days – the football players / spectators are responsible for a lot of the rubbish but also teenagers in the week!	Litter
24032012	Felpham Parish Council gave the Lobster Pot permission to put 3 tables in the Fisherman’s Gardens so long as they planted and maintained the boat in the garden. The boat looks awful all year round. They are obviously not keeping their part of the deal!	Lobster Pot
03032012	Longbrook park MUST be massively improved and could become an attraction in itself. Go and look at the Worthing seafront park with coffee van adjacent – constantly busy	Open space enhancement
05032012	More flowers More hedges A communal orchard / growing area? More colour / scented areas.	Open space enhancement
05032012	Planters were unimaginatively planted – needed stronger more robust bolder plants Sea Road Gardens – trees need major pollarding, benches need refurbishing And more events – like tabletop sale and art show.	Open space enhancement
03032012	Extend conservation area to include Church Field; look into funding for wild flower meadow to rebalance and support diminishing wild life such as 250 varieties of bees.	Open space protection
03032012	We should jealously guard our green spaces from conservation, heritage and well being viewpoints.	Open space protection
03032012	Protection of green spaces from parking	Open space protection

Date	Verbatim of what written	Category
24032012	More parking space for KGV.	Parking
24032012	Problem. Parking in Summerley Lane when football is on – very difficult for local residents to access side roads.	Parking
24032012	Culver Road P & D (pay and display) car park is very badly maintained is not suitable for cars as the area becomes 'chewed up' and muddy.	Parking
24032012	Footpath from ALC on grass verge alongside main road to pedestrian crossing for access to Downview Road and estates. Can't access ALC through school.	Pedestrian / footpath
05032012	How about a skateboard area for 10 years + youngsters. There is nothing in KGV or Flansham Lane park for older children	Play areas
05032012	There are already children living on Blakes Mead and Meadows Keep. There is no dedicated play area actually on the site. The nearest is off Flansham Lane – across a ditch and some distance from the main estate. A specific play area would be ideal.	Play areas
05032012	I love the skate park – bike – half pipe idea – and maybe some huts – for teenagers made from boats and skateboards etc	Play areas
03032012	Cycling should be lawful on prom	Prom / Cycling issues
03032012	One side of prom for pedestrians and one cyclist and buggies	Prom / Cycling issues
03032012	Arrange for cycling on the prom – people do it anyway	Prom / Cycling issues
03032012	Cycle route please along the prom – joined – across to Littlehampton if possible.	Prom / Cycling issues
03032012	Perhaps info on notice boards be sent to all private estates	Public notices
05032012	Recycling bins near Boathouse	Recycling

Date	Verbatim of what written	Category
05032012	As many do love walking along the seafront – we need more litter bins – that's true – solar lamps?	Sea front / litter
24032012	<u>Eyesore</u> in Limmer Lane with hoardings at corner of Summerley Lane / Limmer Lane	Street scene
03032012	How about replacing the Flowering cherry trees in George IV walk?	Trees
03032012	Why is there no tree planting on 'Private roads' viz – Shirley Drive?	Trees
03032012	Encourage tree-planting schemes.	Trees
24032012	Trees make a difference to the feel and environment – don't lose them. Plant native species.	Trees
